## **ABOUT NORFOLK FESTEVENTS LTD.**

Norfolk Festevents, Ltd., based in Norfolk, Virginia, is a private, not-for-profit organization dedicated to creating the most dynamic urban waterfront community in America through innovative programming and imaginative uses of its historic waterfront spaces.

An extensive 10 month schedule of diverse outdoor cultural events, festivals, concerts, entertainment, holiday programs, tall ship visits, sports and recreation are presented in two popular and welcoming waterfront environments—Town Point Park located in downtown Norfolk on the banks of the Elizabeth River and Ocean View Beach Park situated on the shore line of the Chesapeake Bay.

Norfolk Festevents has served as the City of Norfolk's official event marketing agency since the city's downtown waterfront revitalization initiatives began in 1982. The organization has garnered international acclaim for its advocacy for public access to waterfronts, outstanding quality programming and development of public spaces, transforming Norfolk into one of the most progressive, fun and livable waterfront communities in the country.

Residents, workers, and visitors to Norfolk and the Hampton Roads region are invited to experience all the fun and excitement of the 2015 season!

At any time, please feel free to share those memories or extend any feedback you may have at [festevents@festevents.org](mailto:festevents@festevents.org).

## **HISTORY OF TOWN POINT PARK**

The first owner of the property, then known as Four Farthing Point, was Capt. Thomas Willoughby who acquired it in February 1637. Willoughby sold the site in 1644 to Thomas Watkins, after which it passed into the possession of a series of owners until 1663, when it became the property of Nicholas Wise Sr., a shipwright. Wise's son, also named Nicholas, deeded the point, along with adjoining acreage, to the trustees of Lower Norfolk County in 1682, two years after the locale had been chosen as the site of "Norfolk Towne" by the Virginia Assembly in June 1680.

Before that took place, the point was the location of a "Half Moone" fort also authorized by the Assembly in 1667 to protect the area's tobacco planters from Dutch marauders. All traces of this early fort have long since disappeared. But as late as 1781, when the British occupied the Norfolk area during the Revolutionary War, professional soldiers of Great Britain erected another temporary fort on the same site to protect Norfolk's inner harbor. The "Town Point" promontory has since afforded a spectacular view of some of the country's most historic events. On New Year's Day 1776, the British fleet bombarded the wharves and buildings along the waterfront and set homes afire, sending the entire town up in flames. The hastily rebuilt city was destroyed by fire again in 1804.

Across the harbor during the Civil War, Federal forces burned Portsmouth's Gosport Navy Yard in 1861. The following year came the infamous battle of the Monitor and Merrimac at the mouth of the James River. In the modern era, "Town Point" was transformed from a rundown collection of warehouses and wharves into a beautiful city park, reclaiming its place as the focal point of the Downtown waterfront.

Town Point Park opened in the summer of 1983 as part of a major Downtown revitalization program that included the Waterside Festival Marketplace, a mile long waterfront promenade, a public marina, and improved docks for visiting tall ships and harbor cruise vessels.

The City of Norfolk recognized that Downtown Norfolk and the city landscape had changed considerably since the summer of 1983 and much needed improvements to the Norfolk's premier waterfront park would better serve the community and the guests of Norfolk. In October of 2008, Town Point Park closed her doors to the public to receive an extensive state of the art make-over and reopened Friday, July 3, 2009 for the July 4th weekend, celebrating the 33rd Annual Norfolk Harborfest® and the 27th Annual 4th of July Great American Picnic and Fireworks.

The newly renovated park features a total of seven acres of landscaped walking and jogging paths, and a stress free sanctuary starring the most incredible sunsets ever witnessed. The self-guided trails include the Cannonball Trail, The Elizabeth River Trail and Mermaids on Parade.

**Fountains and Public Art:** In addition to beautiful landscapes and a magnificent river view, park guests will discover an artful fence running along the Park's edge, depicting "Norfolk Memories", and two fountains.

**Military Memorials, Monuments, Museums:** Located inside Town Point Park is the Armed Forces Memorial and The Homecoming® statue and within steps of the park, visitors will find Nauticus, the National Maritime Center, the Hampton Roads Naval Museum, located on the second floor of Nauticus, the USS Wisconsin and Lone Sailor Statue®.

**Armed Forces Memorial:** Located in Town Point Park and on the Elizabeth River, the Armed Forces Memorial in Downtown Norfolk is a moving tribute to the service people in the United States who gave up their lives in war. This memorial is a collection of twenty inscriptions of letters written home by soldiers who lost their lives. The sculpture was dedicated on July 4, 1998.

**The Homecoming® Statue:** A replica of The Homecoming® statue can be found in Norfolk's Town Point Park. Norfolk is considered the Navy's "hometown," and the city is a perfect place for a Homecoming statue to reside. The statue was placed in Town Point Park on October 14, 2000 in honor of Navy families.

**Nauticus, National Maritime Center:** Nauticus inspires and educates with engaging & interactive experiences that celebrate connections with today's maritime world. Nauticus is a contemporary museum that uses the natural setting of Norfolk's harbor to showcase global maritime commerce and the world's largest Navy.

**USS Wisconsin:** The USS Wisconsin is an Iowa-class battleship, the second ship of the United States Navy to be named in honor of the U.S. state of Wisconsin. She was built at the Philadelphia Naval Shipyard in Philadelphia, Pennsylvania and launched on 7 December 1943, the second anniversary of the Pearl Harbor raid. The USS Wisconsin was struck from the Naval Vessel Register (NVR) 17 March 2006, and is currently berthed in Whisky Basin, next to Nauticus and steps away from Town Point Park in Downtown Norfolk. She is presently awaiting donation to the City of Norfolk for permanent use as a museum ship.

**Lone Sailor Statue®:** The Lone Sailor® statue represents the past, present and future Navy bluejacket – adventurous, independent, courageous, self-reliant, and resourceful. His authentic image

evokes the lure and romance of service at sea. The dedication of The Lone Sailor® statue occurred on May 25, 2002 in Norfolk. The statue is on Wisconsin Square facing the bridge of the Battleship USS Wisconsin. Because Norfolk is the home of the U.S. Atlantic Fleet, it serves as a natural home for The Lone Sailor®. The Norfolk statue is surrounded by eight bronze commemorative plaques of Norfolk-based ships and submarines that have met with tragedy - and one plaque

that recalls the 9/11 terrorist attack on the Pentagon. The plaques are USS Cole, USS Forrestal, USS Iowa, USS Liberty, USS Nimitz, USS Newport News, USS Scorpion, and The Pentagon. The Norfolk Lone Sailor®, and its moving site were donated by "Friends of the United States Navy Memorial" - made up of hundreds of individuals and local organizations that pledged their support.

## **TOWNEBANK FOUNTAIN PARK**
